

# TaskFriend Task Database

## What is TaskFriend?

TaskFriend is a helpful AI-assistant that helps with managing your daily tasks, and provides advice on time management and project scheduling.

## What are tasks?

Tasks are the smallest denomination of work you can achieve in TaskFriend. You can set tasks, type, due dates, status, and notes. This gives you full insight into your life and priorities, helping you better manage your time.

## Tasks

ID	Task	Type	Due	Status	Notes
01	Finalize Q3 OKRs by 3pm	One-off	Today	Pending	Collaborate with department heads to align on measurable objectives, lay out solid plan to achieve objectives and assign responsibility to team members.
